## IBD FIRE PITS

### Standard or Custom Fire Features

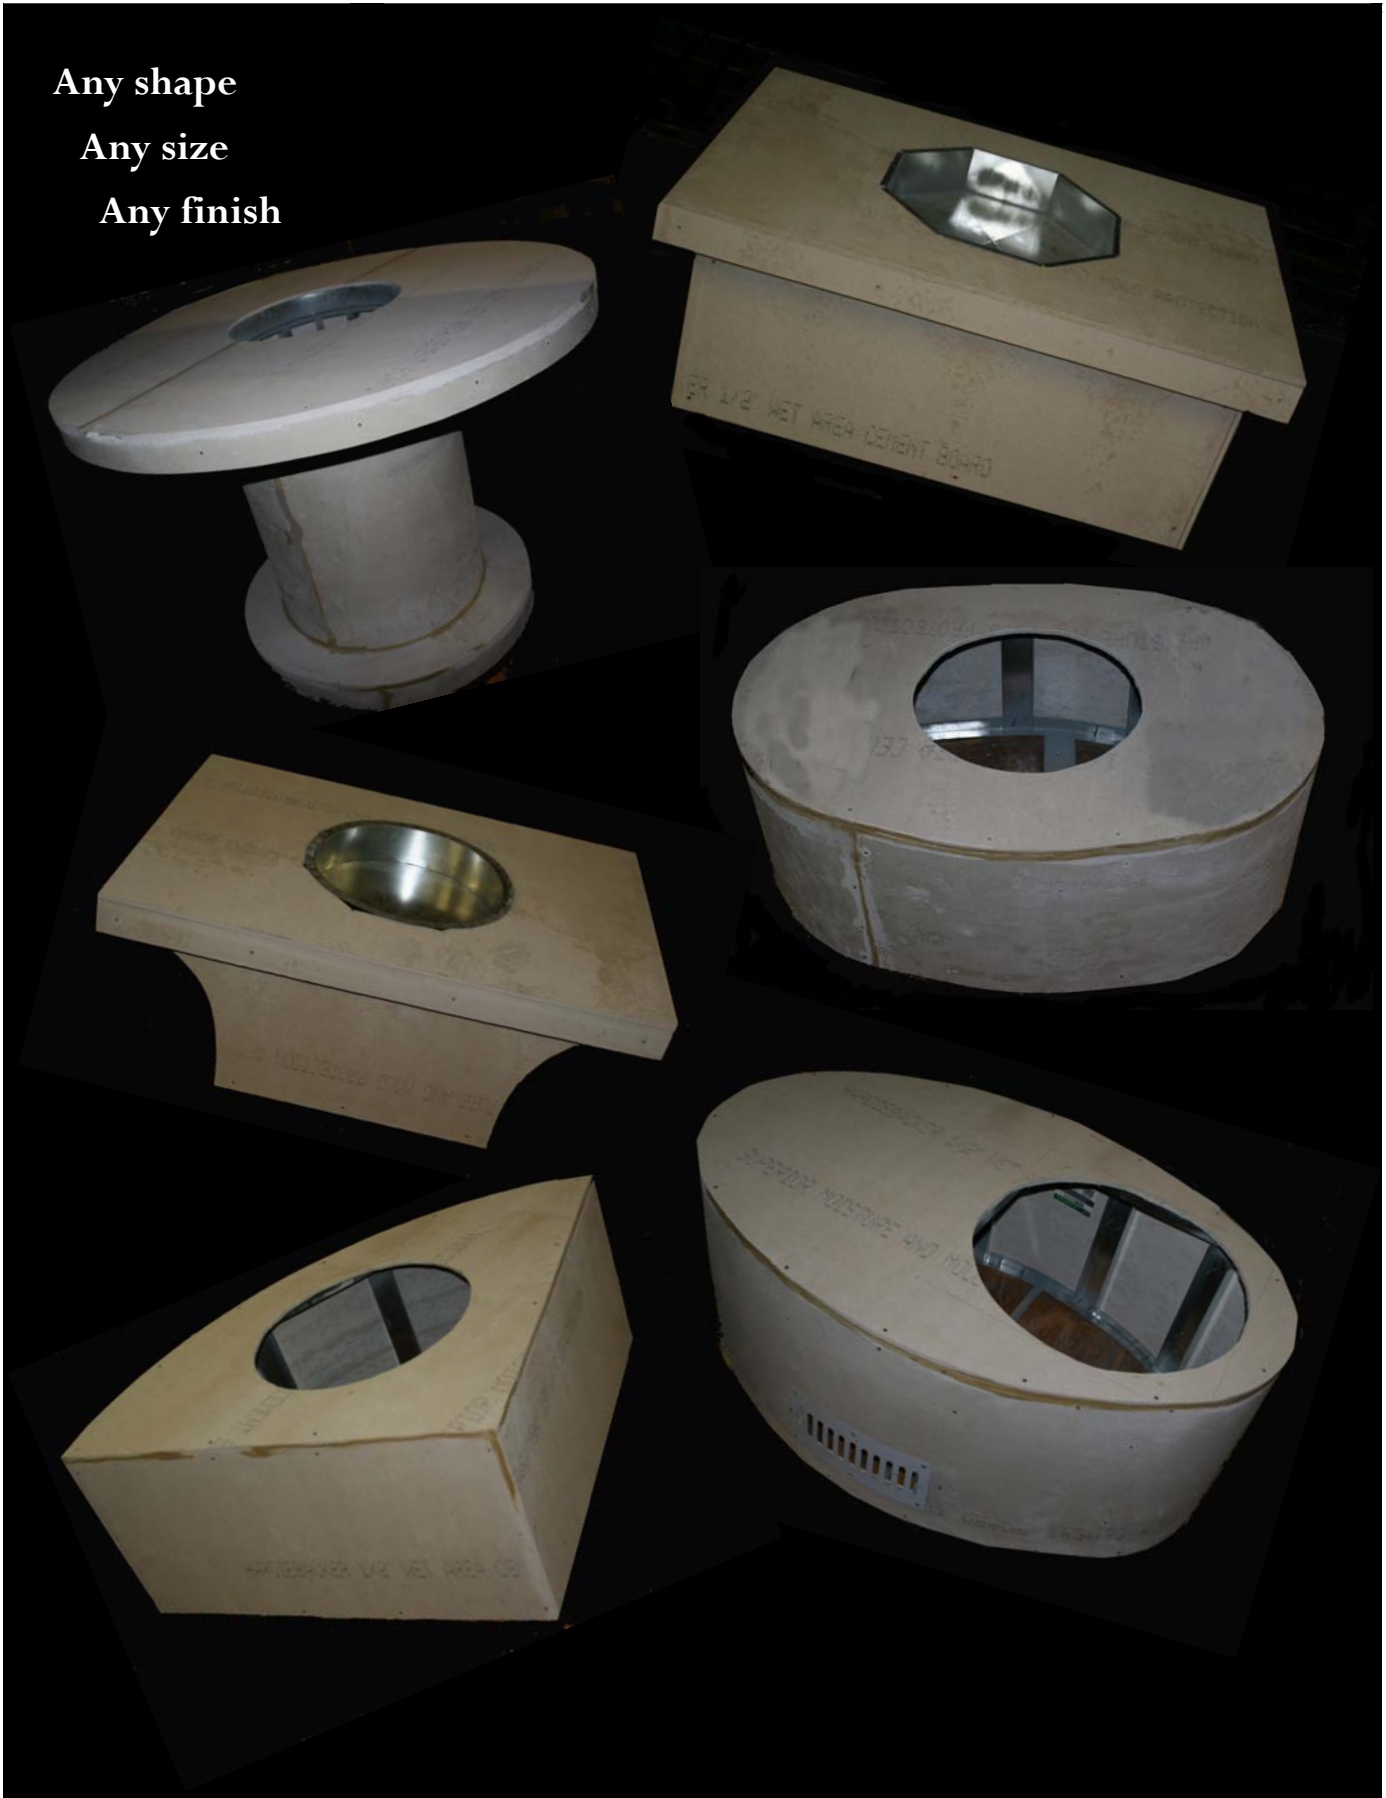

IBD specializes in gas powered fire pits because of their distinct advantages over wood burning units. Gas units can be fired in a moment and extinguished just as quickly, eliminating the need to ‘babysit’ the fire. Additionally gas fires do not produce annoying smoke or bothersome ashes.

IBD ships all fire pits ready to finish. This allows the customer to choose from a wide range of materials to complement or highlight the surrounding décor. Top it off with granite or stone and your pit can serve as extra seating or table space as well.

IBD offers several standard shapes and sizes that fit the most popular fire pit burners available. If you prefer a special size or shape, IBD can custom design most anything your heart desires.

IBD does not manufacture or supply a particular burner, but can assist you in choosing the best fit for your application.

Any shape  
Any size  
Any finish

## STANDARD SIZES FIRE PITS

### Octagonal Fire Pit Housing

IBD's most popular design. Perfect as the centerpiece for friends and family to gather around. The fire pit on the previous page is built with this housing. All housings feature fully welded corrosion resistant frames and 1/2 cement board covering.

**FPO42** 42" fits 19" burner

**FPO54** 54" fits 25" burner

**FPO60** 60" fits 25" burner

**FPO54** 72" fits 25" burner

### Round Fire Pit Housing

The round fire pit housing is great for larger spaces or more intimate settings. Like all IBD housings it stands 18" tall and includes two stainless steel vents standard.

**FPR42** 42" fits 19" burner

**FPR54** 54" fits 25" burner

**FPR60** 60" fits 25" burner

**FPO54** 72" fits 25" burner

### Square Fire Pit Housing

The IBD square housing is slightly smaller than the other standard units. It works well as a coffee table and can fit in smaller spaces. Two sizes are offered to fit most applications.

**FPS36** 36" fits 19" burner

**FPS48** 48" fits 25" burner

**We also can help you with custom fire pit bar tables and coffee tables in many different shapes and sizes.**
